

MAX MEINERS

With a strong foundation in Data Science & Artificial Intelligence, I am a motivated student and aspiring data professional with hands-on experience in data analysis, machine learning, and AI-driven solutions. I have had the opportunity to work on projects for several companies as part of my studies, applying my skills in real-world contexts. I am passionate about solving real-world problems through innovative technologies and am eager to continue applying my expertise to meaningful projects.

EDUCATION

- Aug 2016 - Jul 2020
- Sep 2022 - Present

MBO

De Rooi Pannen, Breda

I successfully completed the 4-year MBO program, where I gained comprehensive knowledge in business management, customer service, and leadership within the hospitality industry. This program equipped me with practical skills such as team management, financial planning, and project coordination, all of which have proven beneficial in my current studies and professional experiences in Data Science & Artificial Intelligence, especially in managing projects and understanding customer-focused solutions.

HBO

Breda University of Applied Sciences (BUas), Breda

I am specializing in Data Analysis, Artificial Intelligence, and Machine Learning. I have successfully obtained my Propedeuse with an average grade of 9.8. My coursework includes advanced data modeling, Machine Learning algorithms, data-driven decision-making, and AI implementation in real-world applications.

INTERNSHIPS

- Jan 2019 - Nov 2019

Waiter

Château Élan Winery & Resort, Braselton, Georgia

At Château Élan Winery & Resort I completed a 9 to 10-month internship. I started in banqueting and after 2 months I got transferred to the Irish pub at the resort, where I completed the remaining months. I was responsible for taking orders, delivering food, and serving as a host.
